To Whom it May Concern:

I welcome the opportunity to submit this letter of endorsement in support of Peel Children's Aid Foundation's latest capital campaign New Horizons.

The Peel Children's Aid Society (CAS), supports more than 300 children in care annually in one of the most diverse and growing communities in all of Canada.

For more than fourteen years, the Peel Children's Aid Foundation has helped transform the lives of children and teens in care in Mississauga by supporting them as they pursue post-secondary education and participate in extracurricular activities all while giving them the skills and tools they need to live independent, productive lives.

The reality is that the number of families and the complexity of their needs have increased by 70 percent in the past thirteen years. In order to ensure that CAS is able to continue to support the growing and changing needs of Peel Region, they need a space they own to call home.

In order to make their new office and innovative community hub a reality, CAS needs a strong public-private partnership to help them achieve their goal of raising five million dollars.

Once again, thank you for the opportunity to share how strongly I feel about the tremendous work undertaken by the dedicated team of individuals at the Peel Children's Aid Foundation. I strongly endorse the New Horizons campaign and encourage everyone to give what they can to help make this project a reality.

Warmest Regards,

Bonnie Crombie, MBA, ICD.D
